

REGIONAL WASTE MANAGEMENT AUTHORITY

Serving Sutter County, Yuba County, Live Oak, Marysville, Wheatland and Yuba City

MEETING NOTICE & AGENDA

DATE: Thursday, October 20, 2022

TIME: 4:30 p.m.

PLACE: Yuba County Government Center
Board of Supervisors Chambers
915 Eighth Street
Marysville, California

A remote option for audience participation is being provided only as a courtesy. Members of the Regional Waste Management Authority Board of Directors must attend in person. If the remote connection fails for any reason, the meeting will continue as noticed so the public must attend in person to assure access to the meeting.

To join the meeting from your computer, tablet, or smartphone, please use the Zoom Meeting link below.

<https://us02web.zoom.us/j/84051358341?pwd=SXhWZ1BuS2Z0blZzUkhYnBOU01zUT09>

To join by telephone conference call: (669) 900-6833
Meeting ID: 840-5135-8341
Password: 369785

The public will be muted by default. The following options are available to speak during public comment portions of the meeting:

Online: Raise your hand or use the Q&A panel to submit your comments.
Phone: Press *9 to raise your hand or press *6 to send a request to be unmuted to submit comments.

I. Call to Order & Roll Call

Bains (Vice Chairman), Buttacavoli, Pendergraph (Chairman), Shaw, Vasquez and Woten

II. Public Business from the Floor

Members of the public may address the Authority on items of interest that are within the jurisdiction of the Authority and are not on the agenda for this meeting. No action may be taken on items that do not appear on the posted agenda. No member of the public will be allowed to be present once the Authority convenes into closed session.

III. Consent Calendar

All matters listed under Consent Calendar are considered to be routine and can be enacted in one motion. There will be no separate discussion of these items prior to the time the Board votes on the motion unless members of the Board, staff, or public request specific items to be discussed or removed from the Consent Calendar for specific action.

- A. Minutes from the Meeting of September 15, 2022. (Attachment)
- B. Disbursement List for September 2022. (Attachment)

IV. Closed Session

- A. PUBLIC EMPLOYEE APPOINTMENT (Pursuant to Government Code Section 54597)
Position Title: Executive Director Employment Agreement**

V. Reports

- A. Appoint the Regional Waste Management Authority (RWMA) Executive Director and Authorize Execution of a Related Employment Agreement. (Attachment)**

RECOMMENDATION: Direct staff as desired.

- B. 2021 Annual Disposal/Diversion Report to CalRecycle. Review and discussion of the 2021 Annual Report to CalRecycle. (Attachment)**

RECOMMENDATION: Information only.

VI. Other Business

VII. Adjournment

**THE NEXT REGULAR MEETING IS SCHEDULED FOR 4:30 P.M. ON THURSDAY, NOVEMBER 17, 2022
IN THE YUBA COUNTY BOARD OF SUPERVISORS CHAMBERS.**

AGENDA ITEM III – A

**REGIONAL WASTE MANAGEMENT AUTHORITY
MEETING MINUTES
September 15, 2022**

I. Call to Order and Roll Call

The meeting was called to order by Chairman Pendergraph at 4:31 p.m.

Present: Buttacavoli, Blazer (for Vasquez), Kirchner (for Shaw), Pendergraph and Woten
Absent: Bains, Shaw, Vasquez

II. Public Business from the Floor

None.

III. Consent Calendar

Director Kirchner made a motion to approve the Consent Calendar. Director Blazer seconded the motion and it carried unanimously.

To facilitate public comment, Chair Pendergraph directed that the Closed Session (Item IV) would be moved to the end of the agenda.

V. Reports

A. Status Report on Current Projects

1. RWMA Staff Introduction

Martin introduced the first RWMA staff member, Management Analyst Shannon Aldrich.

2. Residential Waste Tire Amnesty Program

Martin reminded the board that the Residential Tire Amnesty Program is still available for the free disposal of up to 20 residentially generated waste tires.

VI. Other Business

None

IV. Closed Session

**A. Public Employee Appointment (Pursuant to Government Code Section)
Position Title: Executive Director**

The Board adjourned to closed session at 4:37 p.m.

The Board reconvened to open session at 5:40 p.m. with a statement that no reportable action was taken in closed session.

VII. Adjournment.

The meeting was adjourned at 5:40 p.m.

The next regular meeting of the Regional Waste Management Authority is scheduled for 4:30 p.m. on Thursday, October 20, 2022, in the Yuba County Board of Supervisors Chambers at the Yuba County Government Center unless otherwise noticed.

**AGENDA ITEM III - B
REGIONAL WASTE MANAGEMENT AUTHORITY

AGENDA ITEM V – A
STAFF REPORT

**APPOINT THE REGIONAL WASTE MANAGEMENT AUTHORITY (RWMA) EXECUTIVE DIRECTOR
AND AUTHORIZE EXECUTION OF A RELATED EMPLOYMENT AGREEMENT**

The purpose of this agenda item is to consider the appointment of the first-ever RWMA Executive Director and authorize execution of a related employment agreement.

Staff and legal counsel will be prepared to discuss this issue in more detail at the meeting.

RECOMMENDATION: Direct staff as desired.

AGENDA ITEM V – B
STAFF REPORT

2021 ANNUAL DIVERSION/DISPOSAL REPORT TO CALRECYCLE

Introduction and Background

Attached for Board review and discussion is the 2021 Annual Report as submitted to CalRecycle on September 29, 2022. This report addresses the region's compliance status relative to the California Integrated Waste Management Act of 1989 (AB 939) diversion goal of 50 percent by the year 2000; the compliance status relative to the Mandatory Commercial Recycling (AB341), Mandatory Commercial Organics Recycling (AB 1826) and Short-Lived Climate Pollutants (SLCP) (SB 1383) Laws; the implementation status of Source Reduction and Recycling Element (SRRE) and Household Hazardous Waste Element (HHWE) programs; and related Siting Element and Summary Plan issues. It should be noted that CalRecycle also required extensive reporting in this report on the region's progress/compliance status for the period January through June 2022 relative to the SB 1383 (2016) requirements that became effective January 2022.

With the passage of SB 1016 (2008), compliance with the 50 percent diversion requirement is now based on a per capita disposal figure comparison beginning with the 2007 Annual Report with the focus now on whether diversion programs have been implemented and maintained. This methodology establishes a baseline target per capita disposal figure for every jurisdiction or regional agency that is equivalent to the 50 percent diversion requirement using the average of the base year waste generation amount (disposal + diversion) adjusted for changes in population, taxable sales, employment, and the CPI for the years 2003 through 2006. The baseline target per capita disposal figure remains fixed at this amount.

For the RWMA, the baseline target per capita disposal figure is based on the average of the adjusted waste generation figures for 2005 and 2006 because the RWMA completed a New Base Year Waste Generation Study for 2004. The baseline target per capita disposal figure for the RWMA has been set at 6.9 pounds/person/day or half of the calculated per capita generation figure for the region. The per capita disposal amount for each reporting year (e.g., 2021) is now compared to the 6.9 pounds/person/day baseline target to determine if it is less than (greater than 50 percent diversion) or greater than (less than 50 percent diversion) the target amount.

2021 Annual Report

In 2021, 182,157 tons of waste was reported as disposed of from the six RWMA jurisdictions, although this includes some host assigned waste for the Marysville MRF/Transfer Station and the Recology Ostrom Organics facilities which cannot be deducted per state law. The resulting per capita disposal amount was 5.5 pounds/person/day, well below the baseline target amount of 6.9 pounds/person/day. This figure is equivalent to a diversion rate of 60 percent [13.8 pounds generated (twice the target amount) – 5.5 pounds disposed = 8.3 pounds diverted or 60 percent of the 13.8-pound baseline waste generation amount].

Reported Annual Diversion Levels for 1995 Through 2021:

<u>Year</u>	<u>Diversion</u>	
1995	26%	¹ The significant decline in the diversion rate from 2000 (34 percent) to 2001 (27 percent) is partly attributable to the departure of the City of Gridley from the RWMA. Prior to 2001, the Adjustment Factors for the City of Gridley and Butte County were used as permitted by the CIWMB Adjustment Methodology, resulting in higher estimated reporting year waste generation amounts. For 2001, the diversion rate would have been one percentage point higher with the Butte County Adjustment Factors. The most significant cause for the decline in the diversion rate, however, was an actual increase of 8,837 tons in disposal from the six RWMA jurisdictions from 128,605 tons in 2000 to 137,442 tons in 2001. This increase in disposal represented 4.7 percentage points of the decrease in the RWMA diversion rate.
1996	20%	
1997	22%	
1998	23%	
1999	29%	
2000	34%	
2001	27% ¹	
2002	35%	
2003	36%	
2004	69% ²	
2005	63%	
2006	67%	³ The 2007 diversion rate is lower than the 2006 diversion rate due to the discontinuation of the biomass credit which typically increased the diversion rate by 2 percentage points and a spike in the disposal amount from a significant demolition project at Beale AFB.
2007	65% ³	
2008	67%	
2009	70%	
2010	70%	
2011	70%	
2012	70%	
2013	70%	
2014	67%	
2015	70%	
2016	69%	
2017	67%	
2018	66%	
2019	62%	
2020	63%	
2021	60%	

It is important to note that the calculated 2021 diversion rate is based on a comparison to the region's 2004 New Base Year Waste Generation Study which is the basis for the baseline target amount of 6.9 pounds/person/day. The 2004 New Base Year Waste Generation Study included diversion activities conducted by Recology Yuba-Sutter, as well as by individuals, businesses, public agencies, and non-profit organizations that contribute substantial additional diversion efforts separate from Recology Yuba-Sutter.

Separate and unrelated to the state diversion calculation, the Collection Service Agreements adopted by each of the RWMA member agencies include a different diversion rate calculation and a minimum annual diversion requirement of 30 percent based on the materials collected by Recology Yuba-Sutter. The diversion rates for Recology Yuba-Sutter's Fiscal Year 2021 were 30.5% for Yuba City and 26.2% for the other five RWMA jurisdictions based on provisions of the respective collection service agreements. Since Yuba City amended the Collection Service Agreement effective May 1, 2022, the diversion rate will be a combined calculation for all six RWMA jurisdictions going forward.

The following chart presents the disposal amounts for the RWMA jurisdictions for the years 1995 through 2021 and the annual percentage change in the disposal amount from year to year.

Reported Annual Disposal for 1995 Through 2021:

<u>Year</u>	<u>Disposal Amount</u> (tons)	<u>Percent Change from</u> <u>Previous Year</u>	
1995	127,289		1 Disaster related waste (1997 Flood) has been deducted (22,073 tons in 1997 and 163 tons in 1998).
1996	139,874	+ 10%	
1997	139,021 ¹	- 0.6%	2 Includes disposal amount for the City of Gridley (3,790 tons) for comparison to 2000 disposal amount.
1998	138,225 ¹	- 0.6%	
1999	132,294	- 4%	3 Official RWMA disposal amount for 2001 without the City of Gridley.
2000	134,133	+ 1%	
2001	141,232 ²	+ 5%	
2001	137,442 ³		4 Includes a significant amount of debris from a demolition project at Beale AFB.
2002	125,467	- 9%	
2003	128,896	+ 3%	5 Compared to 2013, the 2014 data includes a significant amount of refuse direct hauled by others from Wheatland and Yuba County to the Ostrom Road Landfill and direct hauled by Recology Yuba-Sutter from Yuba City to the Ostrom Road Landfill.
2004	126,818	- 2%	
2005	146,772	+ 16%	6 Disaster related waste (2017 Cascade Fire) has been deducted.
2006	139,649	- 5%	
2007	145,878 ⁴	+ 4%	7 Host assigned waste originating from non-RWMA jurisdictions has been deducted.
2008	136,831	- 6%	
2009	127,629	- 7%	
2010	127,259	- 0.3%	
2011	128,422	+ 0.9%	
2012	125,013	- 3%	
2013	129,118	+3%	
2014	137,786 ⁵	+7%	
2015	129,426	- 6%	
2016	135,729	+5%	
2017	141,384 ⁶	+4%	
2018	149,250 ⁶	+6%	
2019	168,944 ⁷	+13%	
2020	167,875 ⁷	-0.6%	
2021	182,157	+8.5%	

Mandatory Recycling and Organics Requirements Reporting

As reflected in the 2021 Annual Report, the state is increasingly focused on compliance with the SB 1383 requirements that became effective January 2022, including initial progress/compliance status reporting for the first half of 2022. At the same time, the state continues to also be focused on compliance with the state’s earlier Mandatory Commercial Recycling (AB 341) and Mandatory Commercial Organics Recycling (AB 1826) Laws. It is important to note that the Mandatory Commercial Recycling (AB 341) and Mandatory Commercial Organics Recycling (AB 1826) Laws still apply in areas granted low population-based waivers

by CalRecycle relative to the SB 1383 organic separation and collection requirements. These areas include four census tracts in the Sutter County Unincorporated Area; six census tracts in the Yuba County Unincorporated Area; and the City of Wheatland.

A total of 1,225 businesses, including schools and agencies, and multi-family housing were identified as being covered by the Mandatory Commercial Recycling Law (AB 341), which means that they have four (4) or more cubic yards of weekly refuse service or are multi-family housing with five (5) or more dwelling units. Of these, 372 were identified as not recycling including those that have not been reached; are located outside the recycling service areas of Yuba and Sutter Counties; do not generate recyclable materials; or, have an unsecured location that would not be practical for recycling services.

For purposes of the Mandatory Commercial Organics Recycling Law (AB 1826), organic waste is defined as including food waste, green waste, landscape and pruning waste, nonhazardous wood waste, and food-soiled paper waste that is mixed in with food waste. Effective September 15, 2020, the threshold for applicability of the Mandatory Commercial Organics Recycling Law changed from generation of four (4) or more cubic yards per week of commercial solid waste to two (2) or more cubic yards per week of commercial solid waste (i.e., refuse + recycling + organics generation) for businesses, including schools and agencies. The same waste generation threshold applies to multi-family housing that has five (5) or more dwelling units, except that the food waste and food-soiled paper components do not apply to multi-family housing. A total of 2,056 businesses, including schools and agencies, and multi-family housing were identified as being covered by the Mandatory Commercial Organics Recycling Law in 2021. Of these 1,200 were identified as not recycling organic wastes.

While outreach and education efforts relative to the Mandatory Commercial Recycling (AB 341) and Mandatory Commercial Organics Recycling (AB 1826) Laws have been underway for some years, extensive outreach, education, and compliance review activities have recently been initiated as a result of the SB 1383 requirements. These activities are expected to have a positive effect on the compliance figures for the Mandatory Commercial Recycling (AB 341) and Mandatory Commercial Organics Recycling (AB 1826) Laws as entities add recycling services and/or are determined to be exempt.

SB 1383 Short-Lived Climate Pollutants (SLCP) January – June 2022 Report

The annual report includes extensive reporting on the various aspects of SB 1383 for the first half of 2022, including recovered organic waste product procurement, edible food recovery, collection systems, Model Water Efficient Landscape Ordinances (MWELO), CALGreen project construction and demolition diversion compliance, SB 1383 waivers, and Mandatory Commercial Organic Recycling exemptions and compliance. The reported Short-Lived Climate Pollutants (SB 1383) compliance figures are significantly different than those reported for Mandatory Commercial Recycling (AB 341) and Mandatory Commercial Organic Recycling (AB 1826) Laws for the following reasons:

- 1) The applicable threshold for Mandatory Commercial Recycling (AB 341) compliance is different (4 cubic yards/week of refuse or multi-family housing of 5+ units) than the Mandatory Commercial Organic Recycling (AB 1826) and SB 1383 threshold (2 cubic yards/week of refuse + recycling + organics generation).

- 2) Exemptions from the Mandatory Commercial Organic Recycling (AB 1826) requirements for generating less than 0.5 cubic yards/week of organics are granted on an informal basis. Under SLCP/SB 1383, each of the exempt entities needs to be revisited and reviewed through a formal waiver process which commenced in August 2022 and is ongoing.
- 3) Low population-based waivers for SB1383 applicable to portions of Yuba and Sutter Unincorporated County areas and for the City of Wheatland do not apply to the Mandatory Commercial Recycling (AB 341) and Mandatory Commercial Organic Recycling (AB 1826) requirements.
- 4) In the SB 1383 data, the commercial businesses and multi-family housing counted as NOT recycling organics includes entities that are NOT recycling paper and cardboard and/or other organic materials, such as yard waste, food waste, food soiled paper and wood waste, whereas the AB 341 and AB 1826 figures separately reflect compliance respectively for recycling and organics.
- 5) The SB 1383 data reported is for the first half of 2022 and a substantial effort commenced in the second half of 2022 to assist entities with compliance services, including waiver applications, and the results of this effort will be reflected in future reporting.

For the first half of 2022, a total of 1,610 commercial and multi-family housing entities were included in the SB 1383 Compliance Review (i.e., entities with 2+ cubic yards/week of refuse + recycling + organics generation). A total of 1,368 of these entities were reported as not being compliant although as noted above, a substantial effort commenced in the second half of 2022 to assist entities with compliance services, including waiver applications, and the results of this effort will be reflected in future reporting.

Additionally, the SB 1383 reporting for recovered organic waste product procurement reflects zero (0) procurement for the first half of 2022 and these figures are expected to remain at or close to zero (0) through the end of 2022. A compost purchase rebate program is being developed to provide for recovered organic waste product procurement and is planned to commence in 2023. Recent state legislation, AB 1985 (2022), now phases in the recovered organic waste product procurement target: 30% of the target in 2023; 65% of the target in 2024; and 100% of the target in 2025, and every year thereafter.

Staff will be prepared at the meeting to discuss this report in detail.

RECOMMENDATION: Information only.

Attachment: 2021 Yuba-Sutter Regional Waste Management Electronic Annual Report Summary

2021 Yuba/Sutter Regional Waste Management Authority Electronic Annual Report summary

This Annual Report Summary is an official record of your CalRecycle Electronic Annual Report submission, except for your Venue/Event section information, which is contained in a separate report.

You may reach that section from the Electronic Annual Report's left navigation bar. Before submitting your report to CalRecycle, please take the time to review everything on this page to confirm it is complete and correct. If you need to modify some information, close this window to return to the Electronic Annual Report to make your corrections. Then, preview the report again.

Jurisdiction name	Description
Live Oak	The list of Tier One and Tier Two Commercial Edible Food Generators is continuing to be refined.
Marysville	The list of Tier One and Tier Two Commercial Edible Food Generators is continuing to be refined.
Sutter-Unincorporated	The list of Tier One and Tier Two Commercial Edible Food Generators is continuing to be refined.
Wheatland	The list of Tier One and Tier Two Commercial Edible Food Generators is continuing to be refined.
Yuba City	<p>The list of Tier One and Tier Two Commercial Edible Food Generators is continuing to be refined.</p> <p>Additionally, per 14 CCR 18994.2(h)(3), the total pounds of edible food recovered by food recovery organizations and services pursuant to Subdivision (h)(2)(A) is to be reported. Subdivision (h)(2)(A) provides that a jurisdiction shall require food recovery organizations and services that are located within the jurisdiction and contract with or have written agreements with commercial edible food generators pursuant to Section 18991.3(b) to report the amount of edible food in pounds recovered by the service or organization in the previous calendar year to the jurisdiction. Pursuant to Section 8(c) of the Regional Waste Management Authority's Mandatory Organic Waste Disposal Reduction Ordinance No. 22-1, Food Recovery Organizations and Food Recovery Services that have their primary address physically located in one or more of the Member Agencies and contract with or have written agreements with one or more Commercial Edible Food Generators pursuant to 14 CCR Section 18991.3(b) are required to report the total pounds of Edible Food recovered in the previous calendar year from the Tier One and Tier Two Commercial Edible Food Generators no later than March 31st for the previous calendar year. Hence, the total pounds recovered for 2022 will be reported in the 2022 Annual Report.</p>

Jurisdiction name	Description
Yuba-Unincorporated	The list of Tier One and Tier Two Commercial Edible Food Generators is continuing to be refined.

Commercial Programs: Yuba/Sutter Regional Waste Management Authority (2021)

Material Types Collected

Paper

- Uncoated corrugated cardboard
- Paper grocery bags
- Other paper bags/kraft paper
- Newspaper
- Office paper (white & colored ledger, computer paper, other office paper)
- Magazines and catalogs
- Folding cartons and other paperboard packaging
- Other recyclable paper (describe in box below)
- Miscellaneous paper packaging (describe in box below)
- Aseptic containers
- Gable-top cartons
- Compostable paper - non-packaging
- Compostable paper - packaging
- Remainder/compost paper - other (describe in box below)

Landscape materials

- Leaves and grass
- Prunings and trimmings
- Branches and stumps

Building products

- Clean dimensional lumber
- Clean engineered wood
- Clean pallets and crates
- Wood waste - treated/painted/stained
- Other recyclable wood (describe in box below)
- Remainder/composite organic (describe in box below)

Food

- Foodwaste
- Food soiled paper

Glass

- Glass

Metal

- Aluminum
- Tin/Steel

Plastic

- Plastic #1 - PET
- Expanded or foamed plastic (any resin type)
- Film plastic (any resin type)
- Plastic #2 - HDPE
- Plastic #3 - PVC
- Plastic #4 - LDPE
- Plastic #5 - PP
- Plastic #6 - PS
- Plastic #7 - Other

Other

- Biosolids
- Digestate
- Manure
- Sludges
- Organic textiles and carpet
- Other materials (describe in box below)

Describe Materials(s):

Disposal Rate Calculation: Yuba/Sutter Regional Waste Management Authority (2021)

Definition of Terms

"Disposal" - [Resources Code – PRC 40192](#). (a) Except as provided in subdivisions (b) and (c), "solid waste disposal," "disposal," or "dispose" means the final deposition of solid wastes onto land, into the atmosphere, or into the waters of the state. (b) For purposes of Part 2 (commencing with Section 40900), "solid waste disposal," "dispose," or "disposal" means the management of solid waste through landfill disposal, transformation, or EMSW conversion, at a permitted solid waste facility, unless the term is expressly defined otherwise. (c) For purposes of Chapter 16 (commencing with Section 42800) and Chapter 19 (commencing with Section 42950) of Part 3, Part 4 (commencing with Section 43000), Part 5 (commencing with Section 45000), Part 6 (commencing with Section 45030), and Chapter 2 (commencing with Section 47901) of Part 7, "solid waste disposal," "dispose," or "disposal" means the final deposition of solid wastes onto land.

Reporting-Year Disposal Amount (tons) – Defaults to the total tonnage disposed in the Reporting-Year by a jurisdiction as reported to the Recycling and Disposal Reporting System (RDRS). This total disposal contains all jurisdiction waste that was disposed in CA landfills (including Green Material ADC), transformation facilities, EMSW facilities, and exported out-of-state (including Green Material Potential Beneficial Reuse Exported), except for declared disaster debris disposal and disposal in Class II facilities, as those two types of tonnage are no longer tracked by jurisdiction of origin. Any changes will require you submit a [Reporting Year Disposal Modification Certification Sheet \(PDF\)](#). See [User's Guide](#) or contact LAMD representative if uncertain.

Disposal Reduction Credits - the EAR calculator will subtract these credits from your requested total in the Reporting-Year Disposal Amount field. Requesting credits will require you submit a [Reporting Year Disposal Modification Certification Sheet \(PDF\)](#). Descriptions of these credits can be found on that sheet. See [EAR User's Guide](#) or contact LAMD representative if uncertain.

Reporting-Year Transformation Waste (tons) – defaults to the total tonnage of waste sent in the Reporting-Year by a jurisdiction to a CalRecycle-permitted transformation facility as reported to the Recycling and Disposal Reporting System (RDRS). Transformation is factored into the Per Capita rate only, and is not deductible. To eliminate the Per Capita credit for transformation tonnage, change the *Reporting-Year Transformation Waste (tons)* number to 0.00.

Reporting-Year Population – January 1st estimate of the number of inhabitants occupying a jurisdiction in the Reporting-Year as prepared by the California Department of Finance (DOF)

Reporting-Year Employment – the estimate of the annual average number of employees by jurisdiction in the Reporting-Year as prepared by the California Employment Development Department (EDD).

Additional Definitions - for additional definitions and/or acronym descriptions, see the [LGCentral Glossary](#).

Landfill Disposal (tons):	182,156.85
Transformation (tons):	1.88
Engineered Municipal Solid Waste (EMSW) Conversion Facility (tons):	0.00
Green Material ADC (tons):	0.00
Green Material Potential Beneficial Reuse Exported (tons):	0.00
Reporting-Year Disposal Amount (tons):	182,158.73
Disposal Reduction Credits (Reported):	
Disaster Waste (tons):	0.00
Medical Waste (tons):	0.00
Regional Diversion Facility Residual Waste (tons):	0.00
C & D Waste (tons):	0.00
Class II Waste (tons):	0.00
Out of State Export (Diverted) (tons):	0.00
Other Disposal Amount (tons):	0.00
	<hr/>
Total Disposal Reduction Credit Amount (tons):	0.00
	<hr/>
Total Adjusted Reporting-Year Disposal Amount (tons):	182,158.73
Reporting-Year Transformation Waste (tons):	1.88
Reporting-Year Population:	180,896
Reporting-Year Employment:	49,706

Reporting-Year Calculation Results (Per Capita)

	Population		Employment	
	Target	Annual	Target	Annual
Disposal Rate without Transformation (pounds/person/day):		5.5		20.1
Transformation Rate (pounds/person/day):	1.4	0.0	5.0	0.0
The Calculated Disposal Rate (pounds/person/day)	6.9	5.5	24.9	20.1

Calculation Factors: Yuba/Sutter Regional Waste Management Authority (2021)

Disposal Rate Accuracy

- Are there extenuating circumstances pertaining to your jurisdiction's disposal rate that CalRecycle should consider, as authorized by the [Public Resources Code Section 41821\(c\)](#)? If you wish to attach additional information to your annual report, please send those items or electronic files to your LAMD representative; include a brief description of those files below. If so, please use the space below to tell CalRecycle.
 - Yes. Please use the space below to tell CalRecycle.
 - No.

Disposal tonnages include host assigned waste for the IWRF processing facility in Marysville and for the Recology Ostrom Organics facility in Yuba County (incorrectly listed as Wheatland in the RDRS system).

Calculation Factors

If either 1. Alternative disposal or 2. Deductions to RDRS boxes are checked, please complete, and sign the [Reporting Year Disposal Modification Certification Sheet \(PDF\)](#) and save to your computer. You may enter the data and save the Disposal Modification Form to your computer. Then either upload the sheet and supporting documentation using the [Document Upload Section](#) before submitting your report, or mail, e-mail or FAX to CalRecycle within 7 business days of submitting your report. If you are only claiming report-year disposal deductions for waste transported to a certified Transformation facility, you do not need to fill out the certification request.

If 3. Green Material ADC (AB 1594) box is checked: Pursuant to [Public Resources Code \(PRC\) Section 41781.3](#) [(AB) 1594 ([Williams, Chapter 719, Statutes of 2014](#))], beginning in the 2017 EAR jurisdictions are required to include information on plans to address how green material that is being used as ADC will be diverted. Jurisdictions can review disposal facilities that assigned green material ADC and the amount by using the [RDRS Reports: Jurisdiction Disposal and Beneficial Reuse by Destination](#).

More information and brief instructions for using the inflow/outflow map is available on [CalRecycle's Green Material Used as Alternative Daily Cover \(ADC\)](#) webpage.

- 1. Alternative disposal tonnage
- 2. Deductions to RDRS disposal tonnage
- 3. Green Material ADC (AB1594)

2021 Yuba/Sutter Regional Waste Management Authority Green Material ADC (tons): 0.00

- Our jurisdiction has submitted a request to facilities that have assigned green material ADC to our jurisdiction to adjust the tons assigned as we believe they may be misallocated
 - For reporting entities that check this box, the following questions may still require answers if there was green material assigned at the time this EAR was made available for editing. If the tons were changed in RDRS after the date the EAR opens for reporting by jurisdictions, please note that revised information in the answer to the first question below including the tons adjusted, facility name(s), date(s) the changes were made in RDRS system.

1. Please describe in the box below the jurisdiction's plans to divert green material that is being used as ADC.

2. If the jurisdiction is not meeting the requirements of Section 41780 as a result of not being able to claim diversion for the use of green material as alternative daily cover, then please identify and describe the barriers to recycling green material.

3. If the jurisdiction is not meeting the requirements of Section 41780 as a result of not being able to claim diversion for the use of green material as alternative daily cover, and if sufficient capacity at facilities that recycle green material is not expected to be operational before the jurisdiction's next review pursuant to Section 41825, then the jurisdiction should include a plan to address the barriers identified in the second question that are within the control of the jurisdiction.

Although you will be able to submit your electronic Annual Report without completing a disposal modification form, your Annual Report will not be deemed complete until it is completed and received by CalRecycle. Contact your [LAMD representative](#) for details.

Waivers and Exemptions: Yuba/Sutter Regional Waste Management Authority (2021)

SLCP Waivers and Exemptions Department Issued Waivers

Jurisdiction Name	Low Population Waiver	Number of generators waived from requirement to subscribe to an organic waste collection service	Number of days an emergency processing facility or operational failure waiver was in effect	Tons disposed as a result of emergency processing facility or operational failure waiver	Number of days a disaster and emergency waiver was in effect

- Safe pharmaceutical disposal ordinance
- Plastic bags and/or single use plastic bags ordinance
- Polystyrene (food and drink containers etc.) ordinance
- Mulch ordinance
- Edible Food Recovery ordinance
- CALGreen (LEED or other Green Building requirements) ordinance
- Other ordinances (describe below)

SRRE Programs

Program Name	Program description
<input checked="" type="checkbox"/> 6020-PI-ORD Ordinances	

Planning Documents: Yuba/Sutter Regional Waste Management Authority (2021)

Rural Petition for Reduction

Was your jurisdiction granted a Rural Petition for Reduction by CalRecycle? See [Jurisdictions with an Approved Petition for Rural Reduction](#). For more information regarding Rural Petition for Reduction, go to [Rural Solid Waste Diversion Home Page](#).

- Yes. If yes, please discuss whether the conditions under which the petition was granted still apply.
- No.

Newly Incorporated Cities

Since the date of your last Annual Report, are there any newly incorporated cities within your county/regional agency?

- Yes. Enter new city name, incorporation date, and population at time of incorporation in the text box below.
- No.

Source Reduction and Recycling Element (SRRE)

Does the SRRE need to be revised?

- Yes. Explain below why the SRRE is not adequate, the revisions that are necessary and the timeline for making those revisions. Note: Diversion program information is updated in each Annual Report, SB 1066 time extension or alternative diversion requirement report, compliance order, etc. So, before taking any action on the revision process, please contact your LAMD representative for further discussion and additional information.
- No. Please add any notes or updates below.

Household Hazardous Waste Element (HHWE)

Does the HHWE need to be revised?

- Yes. Explain below why the HHWE is not adequate, the revisions that are necessary and the timeline for making those revisions. Note: Diversion program information is updated in each Annual Report. So, before taking any action on the revision process, please contact your LAMD representative for further discussion and additional information.
- No. Please add any notes or updates below.

Non-Disposal Facility Element (NDFE)

Describe below any changes in the use of [non-disposal facilities](#), both existing and planned (e.g., is the jurisdiction using a different facility within or outside of the jurisdiction, has a facility closed, is a new one being planned).

None.

Are there currently any non-disposal facilities that require a solid waste facility permit located (or planned to be sited) in your jurisdiction that are not identified in your NDFE?

- Yes. Your NDFE may need to be amended before the permit for this facility comes before CalRecycle for concurrence. If the facility is not identified in the NDFE, the permit may not be in conformance with your NDFE, and the permit may be denied. See CalRecycle's NDFE Guidelines at <https://www.calrecycle.ca.gov/LGCentral/Library/Policy/NDFEGuide.htm> and contact your LAMD representative if you have any questions about the need to amend your NDFE.
- No. Please add notes or updates below.

Summary Plan

Does the Summary Plan need to be revised?

- Yes. Discuss below. Include a time schedule for revising the Summary Plan. Please contact your LAMD representative to request additional information and guidance.
- No. Please add any notes or updates below.

Areas of concern

Did CalRecycle require your jurisdiction to address any areas of concern when determining the adequacy of your solid waste planning documents, or any of their elements?

- Yes. Below, discuss the actions taken to address the areas of concern.
- No.

Conditional approvals

Did CalRecycle give conditional approval to any of your solid waste planning documents, or any of their elements?

- Yes. Below, discuss the actions taken gain full approval of the plan/elements.
- No.

Total County or Agency Wide Disposal Capacity

If you do not currently have 15 years of disposal capacity, describe your strategy for obtaining 15 years of capacity.

Not applicable.

Based on the best available estimates of current and future disposal, how many years of disposal capacity does your county or regional agency have?

78

Siting Element Adequacy

Does the Siting Element need to be revised? The Siting Element will need to be revised if you have less than 15 years disposal capacity and have not described a strategy for obtaining 15 years disposal capacity.

- Yes. In the box below, provide a time schedule for revising your Siting Element. Also discuss new disposal sites or disposal strategies that changed during the report year, and how those strategies will allow the county or regional agency to attain 15 years of disposal capacity. Please also contact your LAMD representative for additional information and guidance.
- No. This county or regional agency has more than 15 years of disposal capacity, has experienced no major changes in disposal practices in the past year, and expects no such changes in the near future. Please include any notes or updates below.

3010-CM-RSG (Residential Self-haul Greenwaste)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 1997	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: Yes
Jurisdiction Notes:		
3030-CM-CSG (Commercial Self-Haul Greenwaste)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 1997	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No
Jurisdiction Notes:		
3035-CM-COR (Commercial Organics Recycling)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 2016	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No
Selected Program Details: Source separated Green Waste Food Waste Food-Soiled Paper Waste Landscape and Pruning Waste Nonhazardous Wood Waste Self-Haul Edible Food Recovery		

Jurisdiction Notes:		
3040-CM-FWC (Food Waste Composting)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 2009	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: No
Jurisdiction Notes:		
4020-SP-TRS (Tires)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
4040-SP-SCM (Scrap Metal)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
4050-SP-WDW (Wood Waste)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
4060-SP-CAR (Concrete/Asphalt/Rubble)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1997	Existed before 1990: No

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Selected Program Details:		
Asphalt Paving Brick Concrete/cement Gypsum Board/drywall Rock, soils and fines Mixed C + D		
Jurisdiction Notes:		
4090-SP-RND (Rendering)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
Jurisdiction Notes:		
5000-ED-ELC (Electronic (radio ,TV, web, hotlines))		
Current Status: AO - Alternative and Ongoing	Program Start Year: 1997	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: Yes
Jurisdiction Notes:		
5010-ED-PRN (Print (brochures, flyers, guides, news articles))		
Current Status: SO - Selected and Ongoing	Program Start Year: 1993	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
5020-ED-OUT (Outreach (tech assistance, presentations, awards, fairs, field trips))		
Current Status: SO - Selected and Ongoing	Program Start Year: 1992	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:		
5030-ED-SCH (Schools (education and curriculum))		
Current Status: SO - Selected and Ongoing	Program Start Year: 1996	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: No
Jurisdiction Notes:		
6010-PI-EIN (Economic Incentives)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1998	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Selected Program Details: Variable can rate/Quantity based user fee Grant Discounts		
Jurisdiction Notes:		
6020-PI-ORD (Ordinances)		
Current Status: AI - Alternative and Implemented	Program Start Year: 2011	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Selected Program Details: Mandatory waste collection Green building ordinance		
Jurisdiction Notes:		
7000-FR-MRF (MRF)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes

Jurisdiction Notes:		
7020-FR-TST (Transfer Station)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 1990	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: Yes
Jurisdiction Notes:		
7030-FR-CMF (Composting Facility)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1996	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
Organic waste is now composted at the Recology Ostrom Organics facility in Yuba County.		
7040-FR-ADC (Alternative Daily Cover)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 1997	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: Yes
Jurisdiction Notes:		
8010-TR-BIO (Biomass)		
Current Status: DE - Dropped in an earlier year	Program Start Year: 1990	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
Jurisdiction programs are no longer diverting materials to biomass facilities.		
9000-HH-PMF (Permanent Facility)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes

	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
9010-HH-MPC (Mobile or Periodic Collection)		
Current Status: DE - Dropped in an earlier year	Program Start Year: 1995	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: Yes
Jurisdiction Notes:		
The door-to-door collection program is no longer active and there were no periodic collection events in 2021.		
9030-HH-WSE (Waste Exchange)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes
	Report Year Diversion Tons: 0	Selected in SRRE: Yes
		Owned or Operated: Yes
Jurisdiction Notes:		
9040-HH-EDP (Education Programs)		
Current Status: SO - Selected and Ongoing	Program Start Year: 1991	Existed before 1990: Yes

		Owned or Operated: Yes
Jurisdiction Notes:		
9045-HH-EWA (Electronic Waste)		
Current Status: AO - Alternative and Ongoing	Program Start Year: 2001	Existed before 1990: No
	Report Year Diversion Tons: 0	Selected in SRRE: No
		Owned or Operated: Yes
Jurisdiction Notes:		

Additional Information

Is there anything else you would like to tell CalRecycle about unique or innovative efforts by your jurisdiction to reduce organic waste generation and increase diversion, about your jurisdiction's public education efforts, or about specific obstacles to reaching your jurisdiction's implementation of an organic recycling program?

Brief description of additional information files, including calculation data for infrastructure planning.
