## Did you know?

Because the environment is so important to Yuba Sutter Disposal, Inc., so is our relationship with local schools. Each school year, the employee owners invite students to participate in our "Everyday is Earth Day" tours and celebrations. The three Rs: Reduce, Reuse and Recycle through classroom presentation and tours of the Integrated Waste Recovery Facility teach students where recyclables go and what they are made into. Over 900 students visited the facility in 2008.
